

AXEL

40190

Designed in collaboration with Enrique Marti, an industrial designer whose studio has worked with many top furniture brands, Axel is an elevated, modern take on motion. Available with both stationary and motion pieces, featuring a new Italian-designed mechanism that allows for zero gravity recline, wall proximity and a tuck under extended footrest. Axel's discreet touch button controls for both recline and headrest allow you to find your ideal relaxing position. Boasting a high leg, generous curves, and automotive inspired elements, Axel is designed to envelop your entire body with a feeling of comfort and well-being.
