

VERTEX

41470

Whether the movie is good or bad, the Vertex promises a delightful experience. Sleek contemporary styling includes a top stitched flange welt detail and a pillowtop seat finished with a clean center seam. A luxurious 1.5" of memory foam offers uncompromising comfort for long durations, and a full pad-over chaise with extended footrest gives complete support with extra legroom. Power lumbar, headrest, and recline are the starring attractions in this modern motion seat. A memory set key allows you to program your ideal position and return to it automatically with the push of a button. All functions, including LED lighting in the cupholder with seven different colour choices and three intensities, are conveniently controlled from the cupholder. The cupholder also features integrated smart USB charging that only draws power when in use. Wide track arms complete the impressive silhouette, and provide deep storage with optional grommets to add on tables, tablet holders, wineglass holders, or LED flex light. The Vertex is an impressively engineered, stylish choice that will make a welcome addition to any home theatre.
